FROM THE PRESIDENT

Hope all is well with everyone this New Year! We're already nearing the end of the first month of 2012! Bring on the warmer weather!

We have been invited to the Paxtonia Science Fair once again this year.

Science Night will be held Friday, February 10th, 2012 from 7:00pm to 8:30pm. If possible please keep your calendar open for Friday, the 24th, as that is our snow make up evening.

I'm asking for participation from the club members as a whole. We had good support at last year's event. Let's make this event the same.

Bring a plane for a show and tell or even a flight demonstration. Remember the kids like to touch and feel your display along with a lot of curiosity.

If you have been working on a special plane or project over the winter months or have an interesting topic why not share it with the club members at the next meeting. We are always looking for additional items to liven up the monthly meetings. So *PLEASE* bring it along and share with the members at the next meeting!

I am including a calendar for the upcoming month- to let the members know where the meeting will be held along with any other special club events or community activities that the members may be interested in for the upcoming month.

The Board has planned two special events for the club this summer.
We are planning on (2) picnics for the summer—

The first one will be on- Saturday, June 16th.
The second one will be on- Saturday, August 18th.

We will keep you posted as to the specifics as the months draw near.

If you missed the Cabin Fever Expo, you missed a great indoor meet that shows off the skills of talented builders and machinists. This was my first time at the event and I'm planning on visiting again next year. I did see a few familiar faces from the club?????

We're looking for club photos, or articles of interest that the club members would enjoy seeing and reading in the monthly newsletter.

Don't forget that you can post items for sale in the monthly newsletter for FREE !

Please submit to: *Editor: Dan McNeil II*(kracs.news@gmail.com)

Don't forget to talk up the club with family and friends! We are always looking for new members!

Sam
