FROM THE PRESIDENT

Winter greetings, cold enough for you? Anybody been flying with skis? After seeing several "U Tube" videos on R/C flying the topic of safety jumps to mind. As we get ready for spring we need to review our flying rules, (especially when it comes to higher risk flying).

I know we have a number of members who really enjoy high speed flying and doing some really fantastic 3D and Helo flying., While we don't want to put any undue restrictions on this type of flying, safety must be paramount.

To keep everyone safe just remember the basic rules and fly on the far side of the field and away from where people are standing (behind the flight line fences). We have a great marker in the form of a creek, just fly over the farmers field on the far side of the runway and you will surly be "safe". Please remember, we want to enjoy our hobby in all its forms but we don't want to get anyone hurt.

Enjoy this cold weather and bring pictures of your "winter projects" to the next meeting. Hope to see you on the third.

Jim Geiger

MEETING MINUTES

The January 6, 2014 meeting of the KRCS was held at the Hidden Hangar. There were 18 members present.

President Jim opened the meeting with the Pledge of Allegiance to the Flag.

Minutes were approved upon motion by Bob Krehling and seconded by Dan McNeil.

The Treasurer's Report was read by Don Epler.

The Vice President thanked the club for their support and gave a talk about his background.

Secretary, Walt, said that The Motorama will be coming to the Farm Show Complex on February 25-26. Jeff Winemiller has rented one section of the hall and has offered the club an area for the club to have a table to promote the club. It was suggested that Bob Krehling and George Meyer bring their giant models for display. More discussion on this matter will be forthcoming at our next meeting.

Dan McNeil mentioned that there will be a Paper Plane Fun Fly held at the indoor facility at the Masonic Village. Contact Dan for further details.

Sam announced the upcoming Science Fair at the Paxtonia Elementary School on February 7th. at 7:00 pm. The club is invited to display models and promote our club. A number of members have participated in previous years and enjoyed the event.

Sam also mentioned that he thought it would be a good idea to extend free club membership to active military personnel. It was mentioned that AMA membership would probably be required. Jim Geiger said he would investigate that area. The matter was deferred until the next meeting.

Jim mentioned that Geraldine Moore passed away last week and that he will send a card from the club.

Bob Krehling showed the club the main body of his latest project, a Dornier CA 26 WWII Seaplane. The plane is an extraordinary undertaking, but Bob said he expects it will be ready for the trail flights in a few weeks. We will keep you posted.

Jay demonstrated to the club a material called "InstaMorph". It is quite a remarkable product. Hard to describe but can be best seen if you google InstaMorph. It has many modeling applications.

Jay also showed the latest in voltage monitors. This one is very small and can be set for various voltages.

Thanks to Bob and Jay for their exhibits.

Verna won the raffle.

Respectfully Submitted,
Walt Hiester, Secretary
