FROM THE PRESIDENT

June Presidents Message

Well the new season is rolling along but the weather is not cooperating. We started out with some great flying days but lately it has been the pits. As we get into the season we need to look at a number of projects facing us:

New flight line building: As many of you know we had hoped to get funding from an outside foundation who, has given us funds in the past. Unfortunately this year’s donation seems to be in limbo as the gentleman is having serious health issues. We have a number of options for funding this \$2,800 project:

- We can fund the project out of current treasury.
- As we have done before, solicit money from the membership. This approach has worked in the past.
- Live with current setup.

New bridge over creek: Bob Whitman has proposed an \$800 bridge to replace the current worn out one. This project is being funded by a number of members. If you wish to help out see Bob.

Upgrade fence on flight line: This is more of a time project as the cost will be minimal. We need someone to ramrod this project.

Improve the mulched area on the flight line: As anyone who has backed a vehicle onto the flight line knows, it is a mess. (just ask Glen!) To remove the old mulch and replace with stone would run in excess of \$5,000. We are open to suggestions at this time. Likely that we can upgrade the flight line in sections out of current treasury.

Mark is doing a great job on the field and the equipment is in excellent shape. The field has been rolled and fertilized and is in good shape.

If you haven’t paid your 2016 dues please get them to Neil Matz our treasurer.

See you at the field.
