## FROM THE PRESIDENT

Presidents Message  
August 2016

Well the wind seems to be letting up a little in the mornings but it sure gets hot quickly. I've been traveling but conversations at the field indicate that the regular crowd is in session most mornings.

Sounds like the turn out for the July fun fly was a little sparse. August fun fly is set for the 27<sup>th</sup>. Here are some of the potential Flying events:

Spot landing, limbo, balloon break, flying thru the hoop, taxi through a maze of balloons, combat, mass UMX and fun cub fly,  
Bomb drop, timed flight (closest to 2 minutes without going over).

If you have an event you would like to try, bring it up at the August meeting.

Looks like the newest FAA ruling worked in our favor in that the "Special rule for Aeromodeling" remains in effect. Not sure yet what this means for the requirement to register with the FAA. Dan is on top of this and I am sure will keep us updated. Just got an up date from Sam, the requirement to register with the FAA is still in effect. Thanks Sam.

Thanks to Ray Deimler we have replacement fencing for a new flight line safety fence. We need a work crew to redo the safety fence.

Still need pictures for the NL so get them to Dan. If you have been traveling send some of those pictures.

See you at the field, safe flying.

Jim Geiger

## KRCS July Minutes

KRCS Meeting July 11

Members Present = 18

Guest Present= 1
