From the President

Presidents Message

April, 2018

Well guys and gals after ten plus years as president of KRCS it's time for me to move on. I will remain on the board and spend much more time at the field as I am retiring from driving a school bus. We plan on hitting the road with our RV but will still be around a lot.

At the April meeting (April 9th at the field) we will elect a new slate of officers so please be at this critical meeting. I plan to remain of the board and active in many ways when we are in town.

According to Harry Capper there have been some crucial changes to the FAA drone regulations that you should review. Two critical changes that I am aware of are:

KRCS no longer has to communicate with the HAI tower on a monthly basis. I did notify them that effective April 1 Creamery field will be active daily (weather permitting) from 8 AM to dusk daily.

A second change (according to Harry) is that we must now register (with a \$5 fee) each UAV (ie. Drones) we own. I will work with Dan and try to confirm this prior to the meeting.

We will also set us a work day at the meeting. We plan on taking our all of the mulch on the flight line and replace it with slag. We will also give the field a general clean up. Brian Krehling has made arrangements to have the pavilion power washed.

I've enjoyed being president but am looking forward to much more flying time.

See you at the field!!

Jim Geiger (past president)

Very Important Meeting April 9

KRCS Meeting Minutes
