## From the President

Hello All,

First off I would like Thank Jim Geiger , Regis Doyle , Dan McNeil II , Neil Matz. For all there time that they have devoted to running our fine club. Also The board members Glenn Shaeffer , Ron Campbell , Chuck Bruggerman , Bob Krehling, Sam McLenegan , Chris Rosing. Thank you again for your past and future rolls running the club.

For those that don't know me.

I'm Brian Krehling. ... i have been involved in the club from a young age receiving my pilots rating at 10 years old. Back then my main flight instructors were Henry Spangler and Charlie Hafer. The days of no buddy boxes...just quick hands back and forth....quick take the box...lol. Definitely some fun times and many nights rebuilding to fly the next day.

We have a big work day or weekend coming up April 20th. We are removing the mulch and replacing with stone. I was able to get pavers and block to make for a nice patio and fire ring in front of the new flight hut. Should make for a nice hangout area. We willbe making more safety fencing, cutting brush at the creek and so fourth.

The Newest addition to the flying club is the building of our new Rc Dirt Car track. I believe this will help boost our club with more new members and give our current members something to do on those Windy days.!!

I have taken over running the KRCS Facebook page and Instagram. We will be posting more videos and related content on these pages on a daily basis to boost awareness to our great hobby and show new bees what we are about.

I'm very excited about working with everyone to boost our Great Club forward this.

See you at the field

Brian Krehling President

**Please pay your Dues and AMA if they have not been taken care of!!!**

# KRCS Meeting Minutes
