February 2009

Dues for 2009: As you are aware we have a late fee of \$10 for dues paid after Jan 31. Come to the field this year and enjoy all the work that has been done with your dues money! (We will shortly be calling those who have not paid their dues yet)

For those of you who don't usually come to the field, Tuesday and Thursday mornings are really fun times. Training night will be on Tuesdays as usual. ('09 schedule to be announced) If your skills have become a little "rusty" don't be afraid to come out and get a refresher course.

The Lebanon flea market is set for March 14th. If you have a table you can get in at 7:00 AM. General admission at 9:00 AM.

If you are interested in indoor flying call Walt or Harold and get your name on the call and e-mail list. Note: The Masonic Homes Club is doing some indoor flying, call Charlie Hafer for details.

See you at the Hidden Hangar.

Jim Geiger
President, KRCS

"You cannot legislate the poor into freedom by legislating the wealthy out of freedom. What one person receives without working for, another person must work for without receiving. The government cannot give to anybody anything that the government does not first take from somebody else. When half of the people get the idea that they do not have to work because the other half is going to take care of them, and when the other half gets the idea that it does no good to work because somebody else is going to get what they work for, that my dear friend, is about the end of any nation. You cannot multiply wealth by dividing it."

~~~ The late Dr. Adrian Rogers, 1931 to 2005 ~~~

Bob Violett (bvmjets.com) visited Imperial Club's field (Mulberry, Florida) a few weeks ago and test flew Sid Rosen's Electra, it flew great.

Pictured is Fio assisting Sid Rosen with the test flight on this Electra with EVF 4010 power. Fio commented that they should add Sid to their list of builders because the model was in perfect trim on its first flight. Sid was all smiles.
