HENRY SPANGLER	(717) 566-5493	
WAYNE LAUGHNER	(717) 774-2918	

FROM THE PRESIDENT

April 2009

It is currently 72 degrees out and I bet there were folks at the field today. As the season gets started we need to be aware of the potential for injuries at the field. It seems that no matter how careful we are, someone gets “nicked” or worse.

Remember the by-laws prohibit flying alone, even electrics, at any time. The primary culprit is propellers! When you are around a spinning prop an extra cautious approach is always called for. The best way to stay injury free is think, think and think again when around a prop.

Another potential safety risk is flying fast and low too close to the flight line. While we don't seem to have that many “sport” flyers we have a few. High speed passes should be made over the creek and no closer! The same goes for helicopters and 3D flyers. Stay away from the flight line! If we stay two mistakes high in regular flying we should stay two mistakes away with 3D and helicopter flying.

Have a safe flying year and enjoy the great weather

Jim Geiger
President, KRCS

Minutes of the KRCS Meeting held March 2, 2009

The March meeting of the KRCS was held on March 2 at the Hidden Hangar. There were 12 members present.

Henry Spangler, vice president, presided in place of the president who was absent.

The minutes of the February meeting was approved with the following correction: dues received now until the end of March will be assessed a fine of \$10. Anyone failing to pay dues after March 31 will be removed from the rolls and will have to apply for new membership plus a \$25 fee.

Don gave the treasurer's report which was approved upon motion by Dan I and seconded by Bill Moore.

Bob K. outlined the plans for the new pavilion. After a lengthy discussion, a vote was taken and the membership approved the pavilion project by a large majority. Bob is currently working on several fund raising raffles and other endeavors to assist in raising funds for the new pavilion. Any contributions towards the pavilion project will be greatly appreciated.

Walt said that the Hershey Arena Indoor Flying will take place on Wednesday, March 4th from 10 to 2.

Ron Campbell asked the membership if it would once again be willing to have a static and small flying event for the Mt. Joy Library as we did last year. The event was approved upon motion my

Jack Conrad and seconded by Bill Hallman. The date was set for July 18th or 25th. Ron will check with the Library to confirm these dates.

The meeting was adjourned at 7:20 upon motion by Dan I and seconded by Jack Conrad.

Respectfully Submitted by Walt, Secretary.

Raffle prize for April 6th drawing - \$170 Value - Tickets are \$5.00 – We're hoping to sell 50.

Call or E-mail Henry Spangler to reserve your tickets.

A plaque with donor names will be mounted on the new pavilion.

Tuesday morning Coffee Clutch.

Talkin' politics.

Prize for the next raffle:

Yuntong Intelligent Balance Charger (Model YT-0002S) W/ AC Converter

Specifications:

Input Voltage: 12V DC w/Clips and AC w/ AC Converter

Safely charges 1S, 2S, or 3S Li-Po battery packs.

Voltage Output: 1S 4.2V, 2S 8.4V, 3S 12.6V

Current Output: 1000mAh

LED Indicator: Colors & blinking show status of connection and charging activity.

Features reverse polarity connection protection for both input & output.

Size: 103mm X 72mm X 24mm makes it easy to carry and store.

Microchip assures accurate output of voltage and current during charging. **\$47.87**
