# FROM THE PRESIDENT

January 2010

Here it is 2010, another year, and another decade moving forward. Time sure does fly. No pun intended. Take a minute to think how far this club has come since we started cutting trees, building a road and moving things from Geyer to Creamery field. Let each one of us do our part in whatever capacity to improve the fun we share in model aviation.

I want to extend a special *THANK YOU* to all the folks that help make the club, flying field, web site and newsletter a reality. And especially *YOU* the club member!

In the following part of the newsletter you can read about the upcoming events that the club is planning. The next function will be a bus trip in early spring, with two fun flies to follow this summer. I know for myself that I'm looking forward to visiting The Steven F. Udvar-Hazy Center, at the Dulles Airport. I know the last time I went with the club to Washington was a few years back and I took a fellow from work that had never been to Washington, D.C. We had a great time.

For more info check out: [National Air and Space Museum Steven F. Udvar-Hazy Center](http://nasm.si.edu/UdvarHazy/)  
@ <http://nasm.si.edu/UdvarHazy/>

So, if you don't have plans and are looking for an early spring activity, why don't you contact Jim Geiger and tell him that you want to *GO!*

Hope to see you at the next club meeting.

Sam

## KRCS Minutes January 4, 2010

Meeting was held at the Hidden Hangar on January 4, 2010 AT 7:00 pm

President Sam opened the meeting with the pledge of allegiance to the flag. There were 20 members present.

Minutes of the December meeting were approved upon vote by Herb and seconded by Glenn.

The Treasurer's report, made by Don, was approved upon motion by Henry and seconded by Walt.

Bob K said that we have permission from Kreider(owner of field) to remove the trees at the area that is to the right looking North. It is the group of trees that has claimed the majority of our planes! A work party will be scheduled in early spring when the weather permits.

V.P. Jim said that the trip to the Smithsonian Space and Air Museum is still on and a date for the second week in April was chosen. This will be open to all and not limited to club members.

Walt mentioned the Cabin Fever Machinists Expo. January 16 in York.

Walt also said that the indoor flying at the Hershey Arena is doing very well and the attendance continues to increase with local participants and also from Reading and Lancaster. Come out and join the fun, whether you have a plane to fly or not. It's neat just to watch!

It was decided that we will have an Electric Fun Fly on July 10<sup>th</sup> and an Open Fun Fly on August 14<sup>th</sup>. Jim will look into advertising in the AMA Magazine.

Meeting adjourned at 7:35 upon motion by Bob K. and seconded by Linda.

The 50/50 raffle was won once again (forth time in a row???????) by Henry Spangler.

Respectfully Submitted, Walt Hiester, Secretary

## 2010 Events

Would you believe that even though it is 23 degrees out (the older I get the colder that gets!) and it is time to work on some 2010 events.

**Trip to Smithsonian, Dullas:** We are planning a bus trip to the Smithsonian Air and Space Museum at Dullas Airport for April 17<sup>th</sup>, 2010. We will have a price for either a 20 or 40 person bus at the February meeting. My early guess is that it will be around \$40 per person for the bus. The museum is free. Likely plan one food stop on the way down.

Refined details at the next meeting but we need to know the interest level so we can determine what size bus we will need. Please feel free to bring guest. Admission is free and we will arrange a guided tour. A head count is critical for planning so please send me an e-mail [jgeiger43@comcast.net](mailto:jgeiger43@comcast.net) or call 361-6113 with your numbers.

Any questions please call Jim Geiger at 361-6113.

**Electric Fun Fly:** July 10<sup>th</sup> will be an electric fun fly at Creamery Field. Drinks and food will be available (prices to be determined) Please feel free to bring a hot/cold dish or dessert. We will need volunteers to put on a good event. Call Walt or come to a meeting and sign up.

**Open Fun Fly:** Our second Fun Fly will be an open fun fly on August 14<sup>th</sup>. Drinks and food will be available (prices to be determined). Please feel free to bring a hot/cold dish or dessert. We will need volunteers to put on a good event. Call Jim Geiger or come to a meeting and sign up.

Bob's next project, when he gets the RS14 done. It's a Pan Am Clipper, Sikorsky S40 Holcombs Aerodrome only 3 were built in the early 1930's.

*Thomas Jefferson said in 1802*

*'I believe that banking institutions are more dangerous to our liberties than standing armies. If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks and corporations that will grow up around the banks will deprive the people of all property until their children wake-up homeless on the continent their fathers conquered..'*

**This is George Meyers' first attempt at a kit built model. It turned out very, very nice, and is now in the restoration phase.**

**Please, please, please submit your photos for the newsletter.**

**Tuesday morning coffee at the Hidden Hanger. All are welcome.**
