FROM THE PRESIDENT

February 2010

Well I'm tired of the cold weather and all the shoveling and snow blowing. How about you? I'm longing for warmer weather and the chance to get out and start flying!

If you're in the process of building a model why not take some pictures along with information about your project and send it to Bob Krehling. Bob would like to include your project in the monthly newsletter.

At the last meeting some of the fellows had been out at the field and flying. How about you? Have you been out and flying or trying to stay warm? Remember there's a group of flyers meeting at the Hershey arena to fly indoor models and even a few non-fly models that are scooting around on the ice! If you're interested contact Walt Heister

If you have items that you would like to *donate* for the Lebanon swap meet or raffle at one of the club meetings, contact one of the club officers. This would be a great way to clear out the clutter and help KRCS.

The January meeting was well attended with goodies provided by Verna!

Hope to see you at the next club meeting.

Sam
