October 2010

FROM THE PRESIDENT

Reading a news article online concerning Air France flight 447, en route from Brazil to France last summer. The article went in detail about this disastrous flight, its actions up to the point of last communication and the recovery of the aircraft the passengers and crew. To date only speculation exists about what may have happened since the black boxes and very few pieces have been recovered to date. Scientist and flight experts are still delving into the details to find out what could have possibly happened to the plane to help stop other planes from encountering the same fate.

We as model fliers can gain a great deal of insight into eliminating possible flight errors and crashes by doing safety preflight inspections and checks on our planes and equipment before we begin to fly each time. If you're new to the hobby, or not sure if things are done correctly, there are plenty of experienced flyers and builders in the club willing to lend a helping hand to help you stay out of trouble. **Just don't hesitate to ask!**

Nominations will take place at the next meeting for club Officers and Board members.

At our monthly meetings we are looking for individuals with exciting stories, skills, hobbies, or something that would be interesting to the other members to give a short presentation.

Hope to see you at the next club meeting. *FLY SAFELY!*

Sam

KRCS Minutes of Meeting on October 4th, 2010

The meeting was called to order by president, Sam McLenegan.

There were 24 members present

The Pledge of Allegiance to the Flag was observed.

Minutes of the September meeting was accepted upon motion by Dan McNeil and seconded by Henry Spangler.

Treasurer's report was accepted upon motion by Dan McNeil II and seconded by Mike McNeil.

Bob K said the field is looking good and gave special thanks to Chuck Bruggemen for his weed control efforts and also his gasoline replenishment work. Bill Moore was commended for his tireless work on spreading the wood chips.

Jamie Robertson was accepted as a new member.

Sam McLenegan reported that the Board decided not to pursue the idea of a charter members plaque.

The board also approved the flying of any type helicopter at either end of the field.

Also, the board approved the flying of electric aircraft after 9:00 am on Sundays.

Jack Conrad thanked Bob Whiteman all others who participated in the locating of his plane that was lost the previous week. It had great sentimental value to Jack and its return was appreciated.

Bob Holsberg suggested that the club make an effort to seek out members who might be interested in talking to the club about their particular expertise relating to our hobby. Sam McLenegan said he would appreciate any volunteers to participate in this effort to make our meetings more interesting.

Dan McNeil thanked all the instructors who helped in the Training Sessions this summer.

The Club thanked Dan and Verna for all their work in making the Training Sessions very successful this summer.

Sam reminded all members to think about 2011 officer nominations for the next meeting.

Meeting adjourned at 7:35.

Respectfully Submitted Walt Hiester
