FROM THE PRESIDENT

With the warmer weather and my eagerness to get flying this year, Friday the 18th I went to the field for the first time with the anticipation to do some flying. Once I got my channel pin, added the airborne battery to the plane, and checked the plane over, much to my surprise the transmitter battery started beeping, letting me know that it was under charged. My thoughts were “way to go!” in my rush, I forgot to charge the transmitter, along with forgetting my transmitter charging cable. But Bill Moore came to my rescue with a McGiver wire, which I was able to adapt to the transmitter to give it a little charge and get some of my first flights in for the new flying season.

So when all else fails a little luck and help from a friend goes a long way!

Better yet, check out your equipment thoroughly before you venture to the field! It may save you a great deal of frustration!

The field has crab grass pre-emergence applied. The grass, once it starts to green should look very nice. Thanks to the guys who bought and applied the treatment.

Shortly we'll be venturing back to the flying field for our monthly meetings. I'll keep you posted as to when!

See you at the next meeting...

Sam

KRCS Meeting March 7th 2011

The Meeting opened at 7:00 p.m. on Monday, March 7th at the Hidden Hangar with the pledge of allegiance to the flag lead by the president Sam McLenegan.

The Minutes were approved upon motion by Linda Coover and seconded by Dan McNeil.

The treasurer's report was read by Don Epler. The report was approved upon motion by Dan McNeil II and seconded by Charlie Hafer

Sam McLenegan said that the Paxton Street Elementary School Science Fair was well attended and that the KRCS did a great job in explaining RC aircraft to the students.

Our efforts were greatly appreciated by the school staff.

Dan McNeil reported that flight training will begin on May 3rd.

Linda Coover announced that she is retiring from her service at the end of March.

President, Sam McLenegan introduced club member, Dick Zechman, an amateur magician.

Dick amazed the membership with many feats of magic. In one event, he shredded a twenty dollar bill contributed by Walt Hiester. Dick later returned a resurrected bill to Walt. Unfortunately, the bill was unacceptable by Walt's bank as being counterfeit!!!!

The meeting was adjourned at 7:45 upon motion by George Meyer and seconded by Henry Spangler.

Respectfully submitted by

Walt Hiester, Secretary

Dick Zechman gave an astonishing presentation that baffled us all.

How'd he do that?

Mr. Lucky, Jim Geiger won the 50/50. Reluctantly, Don Epler handed it over.

At the next meeting, James Fenwick will talk about the evolution/devolution of hip replacements.

Bill Moore has been in charge of our raffles for quite a while now, doing a wonderful job.

Dan McNeil I will begin flight training on May 3rd, be sure to give him a call and get on his list.
