## March 5<sup>th</sup> Meeting of KRCS

The March 2012 meeting of KRCS was held at the Hidden hangar on March 5<sup>th</sup>.

President Sam opened the meeting at 7:00 with the pledge of allegiance to the flag.

There were 23 members present.

The minutes were approved upon motion by Glenn Shaeffer and seconded by Jim Geiger.

The Treasurer's Report was given by Don Epler. The report was approved upon motion by Henry Spangler and seconded by Walt Hiester.

Walt said that this Friday will be the last indoor flying at the Arena for the season.

Don Epler reported that he has purchased crab grass killer and fertilizer for the field and it will be applied soon, weather permitting

Jim Geiger reported a good club effort for the Paxtonia Science Fair. The club's participation was greatly appreciated by the school administration.

There will be a Jet Rally at the Donegal Springs Airport on August 2-5.

Herb Henderson was unable to give his presentation due to unexpected circumstances.

George Meyer discussed his latest project, a Super Constellation model. George showed a tail section of the plane he is working on. George has a special interest in this plane because he has over 1,500 hours in the full scale plane as a Navigator.

Thanks to George for an extremely interesting talk.

Toots Sides won the raffle.

The meeting adjourned at 7:30.

Respectfully Submitted

Walt Hiester, Secretary

## FROM THE PRESIDENT

A special *Thank You* to Bill Long for his airplane and helicopter presentation and video, along with George Meyer for his further completed Super Constellation tail assembly and Jack Conrad for his display at the April meeting

We had a great turn out for the last meeting at the Hangar! Let's have a great turn out for the MAY meeting at the field

It sounds as if there's been quite a lot of flying activity at the field due to the warmer weather. It's great to see such a turn out of club members using the facility!

The usual guys are back at the field on any given morning... this would be a great time to come fly and socialize.

Do forget the WALL OF SHAME to donate your plane as a reminder of the challenges we all face in model aviation. Please save the tail assembly of any crashed plane to be displayed on the wall in the pavilion.

May's club activity calendar is included in the newsletter.

***MAY 7<sup>th</sup>* Pizza at 6:00 to start off the summer club meetings at the Creamery Field. Come early and fly before the meeting.**

Sam
